

Creating Your Own Unit Studies

Barb Beideman

What is a unit study?

A Unit Study takes a theme or topic (a unit of study) and delves into it deeply over a period of time, integrating language arts, science, social studies, math, and fine arts as they apply. Instead of studying eight or ten separate, unrelated subjects, all subjects are blended together and studied around a common theme or project.

Home School Marketplace <http://new.homeschoolmarketplace.com/homeschool-unit-study/>

Unit Studies are not unique to homeschooling.

Prepared Unit Studies – www.konos.com – Bible-based unit studies, www.homeschoolshare.com – free unit studies, Literature Units by Teacher Created Resources

Why create your own?

Where to begin:

1. Choose a topic
2. Gather Resources and Brainstorm
3. Organize
4. Schedule
5. Recordkeeping

Preparing a unit study: Pennsylvania

Unit studies weave our learning together in meaningful and often exciting ways.

Some ideas:

Domes	Ancient Civilizations	Insects	Architecture	Weather	Money	Geometry
Sculpture	Composers	Poets	Painters	US Constitution	Orchestra	Sound
Tabernacle	Explorers	Human Body	Authors	Astronomy	Gardening	Construction
Flowers	World Geography	Trees	PA History	Medieval Times	Cooking	Aviation
Ants	Famous Mathematicians	Electricity	Country	Animation	Butterflies	Technology
