### Helpful Hints:

- First secure your accountability partner! Ask your first option. If that person declines, ask your second option. Ask them to check you on your memorization once a week at a specified place and time.
- Challenge your accountability partner to memorize a chapter of his/her choice with you!
- Next, schedule your passage sharing time, before you even start memorizing! This will give you further accountability and motivation!
- Schedule your passage sharing time for two weeks after your memorization deadline to give yourself some time to review and solidify what you have learned, so that you can share with confidence!
- When you share your chapter with your small group, be sure to tell them what God has taught you through this passage and how memorizing it has impacted your daily walk with Him.
